What is a Platinum Licence and who is it for?

Generally, owners of pleasure craft on the canals tend to stay on their boats for 2-3 nights a week with the occasional one or two weeks throughout the season. A Platinum Licence is an optional privilege licence permitting extended hours of stay on your vessel and use of facilities on the Bridgewater Canal, 7 days a week.

1. This Platinum Licence is to be read in-conjunction with standard BCCL Pleasure Craft Terms and Conditions.
2. Platinum Licence holders must observe local restrictions and not cause any nuisance.
3. The Platinum Licence holder can cruise the Bridgewater Canal, staying in a single location for no more than 28 days, before moving a minimum of 1km with no return in 14 days (this is controlled at the company's discretion). Local mooring restrictions still apply, as signed and must be adhered to.
4. A Platinum Licence is only valid on the Bridgewater Canal and would not be recognised on CRT waters.
5. A Platinum Licence will only be granted at locations where the mooring operator or club permits its use.
6. A Platinum User Licence is personal to the applicant and is not transferrable. Sub-letting and holiday hire is not permitted. A separate licence is available for business purposes.
7. Holiday or short-term letting of the licensed pleasure craft is not permitted (inc Airbnb) without prior permission from BCCL
8. A Platinum Licence fee is an additional payment to the annual BCCL licence fee.
9. A separate mooring fee may be payable as per standard BCCL Terms and Conditions.
10. The annual fee for a Platinum User Licence on the Bridgewater Canal is payable annually up front or monthly in advance and is non-refundable, non-transferable.
11. You must display your Platinum boat Licence where it can always be easily seen from either side of the boat.
12. Platinum licence holders are required to abide by all Bridgewater Canal Conditions of Licensing and Boat Safety Requirement Information as provided in the 'Guide for our Boaters' document, including insurance.

13. BCCL may withdraw a Platinum User Licence at its discretion if there is a breach of the Platinum User Licence terms and or behaviour codes.
14. We recommend all boat owners refer to the Boater's Handbook (CRT/Environment Agency)
